PROFESSIONAL SUMMARY

BSCS student and aspiring AI Engineer with hands-on experience building AI-assisted applications, computer-vision solutions, and full-stack web applications. Experienced with Python, OpenCV, Generative AI, Gemini, OpenAI, JavaScript, React, Node.js, and MongoDB. Built customized AI and computer-vision projects, including a bowling-action analysis system and an AI-powered assistant for a Flutter-based milk collection application. Also experienced in social-media video editing using CapCut.

TECHNICAL SKILLS

AI & Machine Learning	AI/ML, Generative AI, Prompt Engineering, Gemini, OpenAI
Computer Vision	Python, OpenCV, image/video analysis, angle and pose analysis
Programming	Python, JavaScript
Full-Stack Development	React.js, Node.js, MongoDB
Development & Deployment	Git, GitHub, Vercel
Video Editing	CapCut PC, short-form and long-form social media editing

SELECTED AI & SOFTWARE PROJECTS

AI Assistant — Milk Collection Management Application

- Developed a customized Flutter-based milk collection application with AI-assisted development.
- Built an AI assistant designed to help analyze and interpret application data.
- Applied AI to a practical business workflow rather than limiting the project to a standalone chatbot.
- Used AI development tools to accelerate implementation, debugging, and problem-solving.

Bowling Action Analysis System — Computer Vision

- Developed a customized computer-vision application using Python and OpenCV to analyze bowling actions.
- Analyzes body movement and key angles including arm, shoulder, and leg positions.
- Produces a detailed analysis summary based on detected measurements.
- Designed for practical cricket bowling-action analysis and legality assessment.

Utility Web Applications

- Developed practical web tools including a Website Speed Checker, QR Code Generator, and Project Cost Calculator.
- Focused on functional modern web applications and deployment using GitHub and Vercel.

EDUCATION

Bachelor of Science in Computer Science — University of the Punjab, Lahore | 7th Semester | CGPA: 3.14
Government Islamia College Civil Lines, Lahore | Intermediate: 927/1100
Matriculation | 1082/1100

ADDITIONAL EXPERIENCE

Video Editing — CapCut PC

Experience creating and editing short-form and long-form content for multiple social-media platforms, including subtitles, transitions, effects, pacing, and social-media-oriented presentation.
